# About

---

Welcome to the Victoria International Wine Festival

Since its inception in 2017 with just 20 tables and a single session, the Victoria International Wine Festival has blossomed into a premier four-day event, now showcasing over 350 wines from 15 countries.

What sets this festival apart? While the love of wine may seem reason enough, our mission goes deeper. The Festival was created by two sommeliers and an event planner with a shared goal: to educate and inspire wine lovers to discover high-quality, affordable wines. Whether you're an amateur wine enthusiast or a seasoned connoisseur, our curated selection represents the very best in value and flavor.

Thank you for being part of our story - cheers to the world of wine!

than all the books in the world*

# Etiquette

---

To ensure the best experience at the Festival, follow these tasting room etiquette tips:

Avoid heavily scented grooming products. These make it much more challenging to enjoy the subtleties of wine.

Use the spittoons provided. There are a lot of wines to explore, and if you want to experience as many as possible, you will need to avoid overindulging. Palate fatigue is a real thing!

Be aware of your surroundings. Agents love an interested consumer, but they also want to make sure that everybody gets a taste. When the agent pours you a sample and other people are waiting for a sample, consider stepping away from the table to evaluate your wine. When you are ready to try another wine or have a question for the agent, step back up! It will make for better traffic flow at the entire Festival.

Safety first, overindulging is always poor etiquette. If you are driving to the Festival, monitor yourself and, if necessary, arrange for alternate transportation home.

Lastly, ask questions and have fun! This year's Festival features sommeliers, agents, and educators thrilled to share their knowledge with you and to help you find your new favourite wine. Never be afraid to ask questions and to learn something new.
